It is a wonderful book, written with care, and it is extremely suggestive.'--Touchstone 'This is an excellent text which provides an insightful, personal history of a Vietnamese family. Through one family the reader discovers the real ramifications of a country at war for most of the 20th century.'--Seth Bardo, Phillips Academy 'This is a family saga sweeping you along 4 generations of recent Vietnamese history. This should at last allow the American student of the war to understand 'the other side'--both its steely willpower and tender hearts.'--Guenter Bischof, University of New Orleans 'Those of us who reported from Vietnam during the war never fully understood the Vietnamese and the hardships they endured. Duong Van Mai Elliott's account of her family's experiences is a vivid, poignant, often inspiring story that I wish we could have read before we became involved in a conflict that was tragic for both Vietnamese and Americans.' --Stanley Karnow, author of Vietnam: A

History'[This] story could not be more compelling.... Voices a perspective until now missing from the English-language body of work on the Vietnam conflict.... Objectivity marks Elliott's book and makes it the best kind of history, [one] we may escape from repeating by reading of this remarkable family.'--Beth Hughes, San Francisco Examiner Synopsis Growing up in Hanoi, Haiphong, and Saigon, Mai Elliott loved listening to the stories told by her parents and other relatives about their parents and grandparents. She found these tales fascinating - some funny, some tragic. She knew one day she would tell their stories and she has in her book *The Sacred Willow*. In *The Sacred Willow* Mai tells the story of her family over four generations, from the 19th century to the present. She takes us back to the vanished world where her great-grandfather, Duong Lam, rose from poverty to become a mandarin at the imperial court. She tells of childhood hours spent in her grandmother's sil shop - and of hiding while French troops torched her village, watching blossoms from the trees torn by fire flutter 'like hundreds of butterflies' overhead. She reveals the agonizing choices that split Vietnamese families, while her father, loyal to his mandarin heritage, served the French colonial regime, her eldest sister joined the Communist guerillas and vanished for years into the jungle. Finally, Mai traces her family's journey through some of the most harrowing events of recent times - the fall of Saigon, the exodus of the boat people, and the re-education camps endured by those who were left behind. Writing with insight and compassion, Mai Elliott weaves a narrative with the richness and colour of a historical novel.
