Clint Emerson, retired Navy SEAL and author of the best-selling 100 Deadly Skills presents an explosive, darkly funny, and often twisted account of being part of an elite clandestine team of covert operatives whose mission was to keep America safe by whatever means necessary. Just be happy he's on our side. Clint Emerson is the only SEAL ever inducted into the International Spy Museum. Operating from the shadows, with an instinct for running towards trouble, his unique skill set made him the perfect hybrid of elite and modern day counterintelligence agent. Emerson spent his career on the bleeding edge of intelligence and operations, often specializing in solo missions that took advantage of subterfuge, improvisation, the best in recon and surveillance tech, and even elements of Hollywood disguise to combat the changing global battlefield. MacGyvering everyday objects into working spyware was routine, and fellow SEALs referred to his top-secret activities simply as "special

shit." His parameters were: find, fix, and finish - and of course, leave no trace. While Emerson was a real life Jason Bourne as well as a decorated soldier, he operated by only two codes: "if you aren't cheating, you aren't trying" and "it's only illegal if you get caught." The Right Kind of Crazy is unlike any military memoir you've ever read because Emerson is upfront about the fact that what makes you a great soldier and sometimes hero doesn't always make you the best guy - but it does make for damn good stories.

On February 19, 2018, Joe Rogan, the Edman mixed martial artist and podcaster, interviewed David Goggins, a former Navy Seal ultra endurance athlete and now speaker. The interview for the Joe.

**The right kind of crazy navy seal covert operative and boy scout from hell author clint emerson staring down the wolf 7 leadership commitments that elite teams**

*The Right Kind of Crazy Navy Seal Covert Operative* the intrepid story of the United States Navy Seals is one of courage, sacrifice and world renowned toughness that echoes of other great military units of history: the Spartans, the Roman legions or the Samurai. I saw many people quit at buds who had all the necessary attributes and traits required to serve as a Seal except one: the ability to remain mentally focused when faced with continuous and very stressful challenges or situations. I also saw many make it through the course who were quite ordinary from a physical standpoint yet they kept going day after day, evolution after evolution.

**The right kind of crazy my life as a navy seal covert operative and boy scout from hell book emerson clint clint emerson retired navy seal and author of the bestselling 100 deadly skills presents an explosive darkly funny and often twisted account of being part of an elite team of operatives whose mission was to keep america safe by whatever means necessary**
