Stockbroker Isabelle Rhodes has a lot of money, a lot of trust issues, and a whole lot of reasons to believe her ex-girlfriend was right when she said that Isabelle sucked at relationships. With that accusation stuck in her head, Isabelle throws caution to the wind and dives into her first one-night stand. Checking that off her bucket list should be something to celebrate - except it turns out that the woman she just spent an earth-shattering night with is actually her newly hired company pilot, Audrey Graham. Ms. Never-See-You-Again just turned into Ms. See-You-Constantly. Concerned about the stigma of workplace dalliances, Isabelle vows it can't go further than the one night. Good plan - if not for an insistent libido and an even more persistent Audrey who conspires to break Isabelle's resolve. Soon their no strings arrangement starts to feel a lot like dating, and Isabelle finds herself wanting more than just casual nights together....
